

# Ny-Ålesund Atmosphere Flagship open work group meetings 3-7 October 2016 at Kjeller, Norway

Photos from NPI, AWI and CNR

The Ny-Ålesund Atmosphere Flagship received funding from Svalbard Strategic Grant to arrange work group meeting in the work groups defining the flagships activities:

- WG1. Clouds, local – regional short term processes (lead: M. Shiobara, NIPR and HC Hansson, SU)
- WG2. Long-term observations and trends in temperature, precipitation, clouds and radiation (lead: M. Maturilli, AWI)
- WG3. Boundary layer meteorology (lead: C. Ritter, AWI)
- WG4. Aerosols (black carbon) and snow, including snow albedo feedback (lead H.-W. Jacobi, CNRS)
- WG5. Atmospheric aerosols (lead: R. Krejci, SU)
- WG6. Variability in surface UV irradiance and ozone column (lead: B. Petkov, CNR)

Since some of the WG meetings will attract the same scientists we will arrange the WG meetings back-to-back in the week 3-7 October 2016 in the Research Park in Kjeller, outside Oslo, Norway.

The schedule will be as follows:

Monday 3. Oct	Tuesday 4. Oct	Wednesday 5. Oct	Thursday 6. Oct	Friday 7. Oct
WG1 & WG5	Before lunch: WG1 & WG5  After lunch: Planning common field campaigns 2017  Evening: WG meeting dinner	WG4	WG2	Parallel sessions WG3 and WG6

## Program

The format of the WG meetings differs due to the needs of the different WGs. The program is set up by the WG leader, and is given on the [workshop webpage](#) for each WG.

## Registration

Please sign up at the [workshop webpage](#), and indicate which WG you intend to take part in.

**The registration deadline is 1. September 2016**

## Support

The meeting is free of charge and include coffee breaks, lunches and a common dinner on Tuesday. If you require support for travel and hotel, please email Christina at [christina@npolar.no](mailto:christina@npolar.no) and indicate the approximate costs of your travel including hotel as soon as possible, and **latest 8. August**. Please also indicate the WGs you would like to participate in. We will in the best manner distribute the available funds between the scientists needing this.

## Hotel

**The participants need to reserve rooms themselves.** We have pre-reserved some rooms at a nearby hotel. Please see the webpage for more information about this.

## Contact persons

[Christina A. Pedersen](#), Norwegian Polar Institute  
[Roland Neuber](#), Alfred Wegner Institute Potsdam

The contact persons for each WG meeting is as follows:

WG1: Clouds, humidity, precipitation ([M. Shiobara](#), HC Hansson)

WG2: Long-term observations and trends in temperature, precipitation, clouds and radiation (lead: [M. Maturilli](#))

WG3: Boundary layer meteorology (lead: [C. Ritter](#), A. Viola)

WG4: Interaction of snow, atmosphere, and aerosols (lead: [H.-W. Jacobi](#), J.-C. Gallet)

WG5: Atmospheric aerosol (lead: [R. Krejci](#))

WG6: Variability in surface UV irradiance and ozone column (lead: [B. Petkov](#))
